

# Adrenalin Jungle COVID-19 safety information

Adrenalin Jungle in Sherwood Forest will be reopening its venue for new bookings from the 8th of July.

**If you or any guest in your group has any COVID-19 symptoms or have been in recent contact with anybody who has any COVID-19 symptoms they should not attend.**

Please see below information on some changes that will apply for all bookings.

## When Arriving at the Venue

1. We will not be accepting guest or groups that have not pre booked.
2. Bookings must be prepaid in full prior to arrival unless pre agreed then contactless payment on the day is preferred.
3. Each guest **MUST** complete an entry form online prior to arrival and you can find the Entry Form [HERE](#) once completed print it out and **bring it with you to hand it in on the day**
4. We are asking all guests to bring their own face covering and gloves if you are paintballing we have single use gloves to hire at £3 or new gloves that can be purchased for just £7 on the day.
5. To ensure we reduce queuing & encourage social distancing, when you arrive at Adrenalin Jungle you will see clearly marked individual parking bays.

Each bay can accommodate up to 8 cars (if you require more than 8 space let us know) when your groups 1<sup>st</sup> car arrives they should park in the lowest number empty bay.

Unless your group is arriving in convoy (advisable) you will then need to be able to contact the other cars in your group so you can let them know your bay number.

Once your group is complete your group should wait in your bay until a member of staff comes to give you more information.

# **Coronavirus Track and Trace**

Adrenalin Jungle Ltd asks all guest to complete an event consent form; this form contains some personal data. As per our GDPR policy we do not share this information with any other organisations.

If one of our customers was infected by coronavirus we could be contacted by the NHS Track and Trace system. As we have basic contact information on our consent forms this could help speed up the tracking and tracing of possible infections.

If we are contacted by the NHS Track and Trace system we will contact your event organiser to explain the contact we have had from the NHS.

We want to assure you that will require the track and trace team to confirm any information request by email to ensure it is genuine before any guest data is shared.

This is a temporary amendment to our GDPR policy.

# **General Safety Measures we've put in Place**

Cleaning procedures have been increased throughout our facilities and Anti-bacterial hand wash and bacterial soap stations will be available for use around the venue.

We will be recommending all customers wash their hands before leaving the car park and before returning to their cars at the end of their sessions.

All equipment including rental guns will be thoroughly cleaned and will have been quarantined for a minimum of 72 hours prior to it being issued to you to ensure any potential risks has been removed with all overalls issued (if required) only being used once before being sent away to be laundered

We have enough equipment at all of our sites to be able to rotate fresh apparatus to all of our groups, regardless of how busy we are.

Our event a safety briefings will address any extra safety measures put in place.

Each group will be allocated their own both in our base camp which will be a minimum of 2 M away from any other group.

The Free Tea and Coffee station will be out of action, we will still have canned or bottled drinks, chocolate and crisps available for purchase but guest are welcome to bring refreshments with them.

# **Paintball Specific Safety Information**

To offer the safest experience possible, we are only going to be offering two Paintball sessions a day that will be running either 10 – 1 pm or 1 – 4 pm.

Each Paintball sessions will be limited to a maximum of 30 people in line with government guidelines on maximum size permitted for group gatherings.

The only paintball package we are offering at this time is our Covid 500 package at £35 per person. We get our Paintballs straight from the factory in individual bags of 500 balls and that's how they will come to you so you can be confident that your balls have not been handled by our staff!

All rental equipment will be thoroughly disinfected after use and even then it will not have been quarantined for a minimum of 72 hours prior to it being issued to you to ensure any potential risks has been reduced.

If the group of up to 30 is made up of multiple smaller groups then the smaller groups will be required to maintain social distancing from the other groups at all time while at our venue.

## **The Benefits of Getting outdoors**

Adrenalin Jungle activities are a great way of having fun while avoiding large gatherings and enclosed public spaces as all of our activities are delivered outdoors with plenty of fresh air and loads of social distancing.

Contact between people during activities, particularly paintball and airsoft, is practically non-existent as the minimum distance for a shot is 5M.

The sun's rays have a negative impact on the virus, meaning that as the weather gets warmer being outside is the safest place to be.

We are limiting our event capacities so they fall below the current government's guidelines for permitted gathering sizes.

At a time like this it's more important than ever to stay active so getting active outdoors is as low risk as it gets.

Adrenalin Jungle offering you the lowest risk activities possible for guest aged 8 yrs. plus.
